Add Participant for Event

- 5) If the Event you have chosen is a Group Event, you will be asked to select other Participants. Don't forget to Check the Checkbox under "Select Participant" column.)

The screenshot shows a web browser window with the URL `mufest.marwadiuniversity.ac.in`. The page title is "Web Craft Fiesta" and the event name is "Technical Event". The page number is 60 out of 180.

On the left side, there is a form titled "Add Participant For Event". It includes a text input for "GR NO", a "Fetch Student" button, and several text inputs for "ENTER STUDENT NAME", "ENTER FATHER NAME", "ENTER SURNAME", "Enter Email Address", and "Enter Mobile No.". There are also radio buttons for "Gender" (Male, Female) and "Other Facility" (Accommodation, Transport, No). Below these are dropdown menus for "Please Select Course", "Please Select Semester", "Please Select University", and "Please Select College", followed by a text input for "Enter College City".

On the right side, there is a table titled "REGISTERED PARTICIPANTS". The table has columns: "Select Participant", "GRNo", "Candidate", "Gender", "Email", and "Mobile". The first row shows a checkbox, "ADMIN", "ADMIN", "ADMIN", "Male", "admin@mufest.com", and "9999999999". Below the table is a "Register For Event" button.

At the bottom of the page, there is a small text box containing the following code: `Run script "WebForm_DoPostBackWithOptions(new%20WebForm_PostBackOptions("bin.GetUser"%20**%20true,%20"vg.Register3"%20**%20false,%20true))"`

- 6) Else you can click on "Register for Event".

This screenshot is identical to the one above, showing the same form and table. The "Register For Event" button is now highlighted with a mouse cursor, indicating it is the next step in the process.
